Continuation of Substance of Interview including description of the general nature of what was discussed: In conversation on 3/23/2006, the examiner notified the applicant that the remarks presented were persuasive and that, in turn, some of the independent claims were deemed allowable. The examiner proposed amendments that would make the remaining independent claims allowable and would thus put the application in condition for allowance. In conversation on 3/28/2006, the examiner and the applicant finalized the proposed amendments and Attorney Wallace gave his consent for an examiner's amendment to enter the claims as discussed. See the allowance summary and statement of reasons for allowance for more detail.
